2	None	None	None	None
3	None	None	None	None
4	None	None	None	None
5	All	Excluding avionics systems	No privileges to certify maintenance task on avionics systems on piston-engine non-pressurised aeroplanes of 2 000 kg MTOM and below	Examination on module 5
6	6.11, 6.3.2	Excluding wooden structure*	No privileges to certify maintenance task on wooden structure*	Examination on module 6
		Excluding electrical systems*	No privileges to certify maintenance task on electrical systems*	Examination on module 6
7B	7.7	Excluding electrical systems*	No privileges to certify maintenance task on electrical systems*	Examination on module 7A
8	None	None	None	None
9B	All	Excluding commercial air transport	No privileges to certify maintenance task on piston-engine non-pressurised aeroplanes of 2 000 kg MTOM and below used in the commercial air transport	Examination on module 9 or human factor training
10	All	Excluding commercial air transport	No privileges to certify maintenance task on piston-engine non-pressurised aeroplanes of 2 000 kg MTOM and below used in the commercial air transport	Examination on module 10
11C	11.5.1 "Glass cockpit"	Excluding Glass cockpit systems	No privileges to certify maintenance task on glass cockpit systems on piston-engine non-pressurised aeroplanes of 2 000 kg MTOM and below	Examination on module 11B
	11.13 "Air ground sensing"	Excluding Air-ground sensing systems.	No privileges to certify maintenance task on air-ground sensing systems on piston-engine non-pressurised aeroplanes of 2 000 kg MTOM and below

Limitations can be used when the person has or has not technical education					
N/A	N/A	Excluding Wooden structure aeroplanes	No privileges to certify maintenance task on wooden structure on piston-engine non-pressurised aeroplanes of 2 000 kg MTOM and below	Based on demonstration of maintenance experience	Limitations based on aircraft construction / konstrukcional aprbojimai
N/A	N/A	Excluding Metal structure aeroplane	No privileges to certify maintenance task on metal structure on piston-engine non-pressurised aeroplanes of 2 000 kg MTOM and below	Based on demonstration of maintenance experience	
N/A	N/A	Excluding Composite structure aeroplanes	No privileges to certify maintenance task on composite structure on aeroplanes with piston-engine non-pressurised aeroplanes of 2 000 kg MTOM and below	Based on demonstration of maintenance experience	
N/A	N/A	Excluding Aeroplanes with metal tubing structure covered with fabric	No privileges to certify maintenance task on aeroplanes with metal tubing structure covered with fabric on piston-engine non-pressurised aeroplanes of 2 000 kg MTOM and below	Based on demonstration of maintenance experience	
N/A	N/A	Excluding commercial air transport	No privileges to certify maintenance task on piston-engine non-pressurised aeroplanes of 2 000 kg MTOM and below used in the commercial air transport	Based on examinations on modules from individual conversion reports	Generic limitations (According to 66.A.79(d)) / bendrosios aprbojimai pagal 166.A.79(d))
N/A	N/A	Excluding all other aircrafts	No privileges to amend additional aircraft types and any additional category or subcategory for existing aircraft types this includes removing of the limitations based on aeroplane structure	Based on examinations on modules from individual conversion reports	
N/A	N/A	Developed individual limitations	No privileges to certify maintenance task on systems, components, powerplant, structure or other aircraft elements as identified in the license. This limitations is transferred to included subcategories like A1, A3, A4	Based on examinations on information from individual conversion reports	Individual limitations / individualius aprbojimai

* - This limitations are not transferred to B3 converted actual licenses as described in conversion report PR-AIR-009 2.1.41, but this exceptions are not transferred to additional category or subcategory, and there for the missing knowledge should be demonstrated
